Example workshop

Technician: Example inspector

REPORT

Daily / weekly fleet walkaround

10/26/2026

EXAMPLE

Mercedes-Benz Sprinter · 2020

Date	Mileage	Customer
10/26/2026	**45,000 mi**	**Example customer**

1 critical issues

We recommend addressing them soon.

3	3	1
OK	Needs attention	Critical

⚠ **Critical - urgent inspection**

• Vehicle use: Critical defect / vehicle on hold - rectify and authorize before use

Status based only on values entered by the inspector, not independently verified by OBDAuto.

Summary

Critical findings: 1

Calculated summary

CHECK	VALUE / NOTE	STATUS
Vehicle use	Critical defect / vehicle on hold - rectify and authorize before use	Critical
Observed defects	Defects recorded - report and assess before use	Needs attention
Defects requiring follow-up	1	Needs attention
Inspection timestamp	Not recorded; save time does not establish inspection time	

Driver and inspection time

Driver name	Example driver
Inspection interval	Daily
Inspection date	2026-10-26
Local inspection time and time zone	08:15

Exterior and visibility

CHECK	VALUE / NOTE	STATUS
Windscreen and windows	Defect	Needs attention
Lights, indicators and reflectors		OK
Mirrors and visibility cameras		OK

Tires, wheels and brakes

CHECK	VALUE / NOTE	STATUS
Tire condition and pressure		OK
Service brakes - check under procedure		Not checked

Defects and responsibility

No defects observed in checks performed	No - defects recorded
Release status	Held for assessment / repair
Recorded decision by responsible person	Awaiting assessment

Defect register 1

Defect / component	Windscreen crack
New / existing defect	New
Status	Reported
Details / resolution verification	Requires assessment before departure.

Record only checks performed and report defects under the fleet procedure. Location is captured only through the user’s explicit GPS action. The responsible person must make any use decision under the applicable procedure.

Inspector conclusion

Fictional example: only recorded checks are shown; other items are not assessed.

Inspection confirmation and driver signature

The driver confirms performing the recorded checks and reporting observed defects. The signature does not authorize use of an unsafe vehicle.
